Manage & Show your Assets to the World!

BE FOUND

Get on the MAP! The Find Oil Services (FOS) system provides you with a Map and Organizational tool like none other.

FOS will increase your sales, your asset usage and reduce your costs therefore increasing your PROFITS! The Cost is very low.

FOS allows you to connect your assets to buyers in the most organized and effective manner created. Advertise and illustrate to all system users WHERE your ASSETS are and WHEN they are there. This is Asset Visualization for the world to see 7/24/365.

The system supports both your Sales and Operations Teams and it is easy to use, easy to update and costs very little.

Use FOS:

- To show your assets to your clients via the map and the "Portal", your sales team will know all in an instant.
- To find Projects close to your assets.
- To create your own projects whenever subcontractors are needed.
- To increase your Profits and ROI by finding 2nd and 3rd jobs for your assets and fill in those blanks with local jobs.
- To help your clients plan in ADVANCE!
